

I want to WELCOME you to the 2019 **GOLDENDALE FARMERS' MARKET SEASON**.

The Market Manager is responsible for the overall operations of the market and report directly to the board. If we can help you in any way, please let us know. The Market Manager will be located at the front of the market as you enter the market from the path from the parking lot.

The layout for the Market:

- The Manager will assign spots for your booth.
- Do not setup until you have been assigned your spot.
- Normally, once your spot is assigned, you will always be at that location unless we let you know otherwise.

The first day may be confusing and we are sure there may be some bumps and problems. The Manager will be at the park by 7:30 AM on market days and will stay until everyone is gone. If, for any reason, the manager is not available, please contact one of the board members.

The Manager will be setting up also, but will try and be available as much as needed. There should be a garden cart that can be used to haul items.

Some Board contact information for you (Some of this will change after March 31st):

Things to be aware of:

- We will periodically send you an email. This will have info on upcoming events and information that you need to be aware of. We try and keep them short.
- You can sell other people's products, produce or crafts, but you need to identify where the produce/craft came from. You cannot sell anything you did not make unless it is identified as such.
 - For example: Your neighbor, Bill's Orchards, gives you apples to sell. You can sell them if there is a sign identifying them as coming from Bill's Orchards.
- You cannot buy and resell any items unless they are part of a new product or creation.
- When the market is in operation, your vehicles need to be parked in the field on the other side of the fence. We want to reserve the space closest to the market for our customers and patrons of the park.
- If you will not be making one of your scheduled selling days, **please** let the manager know in advance.
 - There is also a spot on the weekly sales log that you can let them know.
- For individuals that want to try out the market, booth space and tables will be made available **when possible**.
- Fill out the EBT application only if you have eligible products

Welcome!

Greg Wallwork - President
